Market leading ergonomic solutions to meet your technology challenges

Flo with Tablet Mount

Flo Plus Dual

Flo with Thin Client Mount

Flo Dual with iPad

Flo effortlessly combines sleek aesthetics with excellent functionality.

The Flo technology support system offers a range of solutions designed to meet the technology challenges in the commercial office environment. Be it single or dual screen, large screen formats or new technologies such as tablets or thin clients, the Flo family provides an unrivalled ergonomic solution. And as the market leader in its class, Flo is more environmentally friendly, better looking, and a better performing product than any of its competitors.

GREAT DESIGN, GREAT PERFORMANCE
 Flo's unique design offers a range and ease of movement that sets it apart from all other monitor/tablet supports. Achieved by the use of geometric Flo Spring Technology, its unique design is protected by four International patents. And it is this commitment to innovation that is the cornerstone of Flo's performance: Flo offers smooth fingertip adjustability ensuring minimum effort is required by the user to position the screen.

As a winner of the red dot award for product design, Flo represents an evolution in the design of monitor and tablet supports, offering a range of features and benefits that no other product currently on the market comes close to matching.

ABOUT US
 Colebrook Bosson Saunders (CBS) are award-winning designers and manufacturers of high quality ergonomic products for supporting technology in the workplace.

Our product range includes computer monitor arms; CPU holders; laptop and tablet supports; AV/VC stands and cable management systems.

With a strong reputation for design and quality, in the past three years CBS has won two red dot design awards, has been awarded Cradle to Cradle Silver certification for Flo, and secured ISO 9001 and ISO 14001 accreditation.

The innovative features of Flo set it apart from the competition

THE SELF-BALANCING D-RING
 Ensures unrivalled screen stability in either portrait or landscape configuration, preventing unwanted 'bounce' and screen movement. Enjoy a 40° tilt both up and down and a 90° rotation to the left and right.

WEIGHT GAUGE
 When installing multiple screens, simply set the perfect tension on one screen and record the setting. Replicate the setting on all further screens for a huge time saving!

SINGLE POINT ADJUSTMENT FOR PERFECT PERFORMANCE
 Flo can be easily adjusted using an Allen key to set the optimum spring tension to the screen weight.

EASY PORTRAIT TO LANDSCAPE SCREEN ORIENTATION
 With minimal effort and no affect on stability, the screen can be rotated from portrait to landscape and vice versa.

INTEGRATED THREE-POINT CABLE MANAGEMENT SYSTEM
 Creates a neat and tidy workstation.

<p>reddot design award winner 2011</p>	<p>cradle to cradle SILVER</p>	<p>INSTALLATION TIME Flo can be installed perfectly in just over three minutes. A 50 per cent reduction on its closest competitor.</p>
<p>NeoCon Silver winner</p>	<p>FX INTERNATIONAL DESIGN AWARDS WINNER 2012</p>	<p>ENVIRONMENTALLY-FRIENDLY PRODUCT FOR LIFE With a lifetime-guarantee, Flo is designed to use minimal parts, 99 per cent of which can be recycled.</p>
<p>ERGONOMICS EXCELLENCE FIRA</p>	<p>MIKOLOGY NORTH 2010 WINNER</p>	<p>EXTENSIVELY TESTED The performance of the Flo monitor arm has been independently verified by completing FIRA test certification for severe use (over 35,000 motion cycles).</p>

The world's market leading monitor arm, perfect for use in any office or workspace.

Flo's primary purpose is to support a single screen/monitor but due to its ingenious design can be easily customised to support a laptop; tablet; or thin client. Flo is a truly ergonomic product, the unique range of design features providing an unrivalled user-experience that improve health and well-being while increasing work efficiency.

TECHNOLOGY OPTIONS

TECHNICAL SPECIFICATIONS

- Monitor weight range: 3-9kg
- Arm reach: 458mm (18") for desk clamp versions, 535mm (21") for slatwall
- Vertical adjustment: 341mm (13 1/2") for desk clamp versions, 342mm (13 1/2") for slatwall
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in silver and white

CLAMP OPTIONS

Support large single screens to a weight limit of 18kg.

With a maximum screen weight limit of up to 18kg, Flo Plus is the most environmentally-friendly and reliable product of its type.

Unlike most rival arms in its class, Flo Plus is able to use spring technology (as opposed to a gas strut which fails after an average of five years usage and is environmentally-unfriendly). The use of adjustable spring technology also ensures that the heavier screen can be perfectly balanced.

TECHNOLOGY OPTION

TECHNICAL SPECIFICATIONS

- Monitor weight range: 6-18kg
- Great manoeuvrability with 587mm (23 1/5") reach and 330mm (13") of vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in white

CLAMP OPTIONS

Support dual monitors up to a maximum weight of 18kg in either flat-screen or cockpit configuration.

Flo Plus Dual is designed to support dual monitors to a maximum combined weight of 18kg. It allows two widescreens of up to 24" in size to be mounted in either portrait or landscape position.

Both heads have fine height adjustment, ensuring that even two different sized or thickness screens can be installed and perfectly aligned. The screen support heads have been designed to be reversible, enabling the user to install the screens in a 30° cockpit or flat screen setup by simply swapping the heads around on the support bar.

TECHNOLOGY OPTION

TWO MONITORS

TECHNICAL SPECIFICATIONS

- Maximum monitor weight: 12kg
- Total maximum weight: 18kg
- Easy screen exchange from cockpit to flat setup
- Great manoeuvrability with 591mm (23" 1/4) reach and 331mm (13") of vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in white ○

CLAMP OPTIONS

DESK CLAMP TOPMOUNT

Use two Flo arms with a single desk clamp to support a screen alongside a tablet or laptop, or dual screens if you prefer.

Flo Dual is designed to cater for the increasing number of technology configurations in the workplace. Two Flo arms are attached to the desk by a single clamp, meaning that a single screen can be combined with a laptop or tablet, or dual screens can be implemented. It is the most flexible 'dual' option on the market.

TECHNOLOGY OPTIONS

TWO MONITORS

ONE MONITOR ONE LAPTOP

ONE MONITOR ONE TABLET

TECHNICAL SPECIFICATIONS

- Maximum monitor weight: 9kg per arm
- Great manoeuvrability with 457mm (18") reach and 341mm (13 1/2") of vertical height adjustment
- Monitor head: VESA 75 and 100 compliant
- 180° stop function/360° capability
- Available in silver and white ○ ●

DESK CLAMP

TOPMOUNT

Flo Accessories are designed to ensure ergonomic performance when integrating a range of technologies.

TABLET MOUNT

iPad
16GB 32GB 64GB

TABLET MOUNT

The Tablet Mount ensures that Flo is unrivalled in its ergonomic capability to be used alongside tablets such as the iPad; Blackberry or Samsung Galaxy.

The range of movement provided by the Flo spring mechanism combined with 40° of vertical tilt provided by the D-ring ensures the tablet can be easily positioned as an input (touch) device as required. The Tablet Support attaches easily to the Flo head and features a lock to act as a theft deterrent.

LAPTOP MOUNT

LAPTOP MOUNT

The Laptop Mount provides an improved ergonomic solution for laptop users when office based.

Removing the laptop from the desk creates additional space that can be used for an external keyboard, and the dynamic movement created by Flo means the laptop screen can be easily raised to the correct height for the user. When used in conjunction with Dual Flo the laptop can easily be used in conjunction with a screen.

THIN CLIENT MOUNT

THIN CLIENT MOUNT

With cloud computing and web-based data storage on the increase, many organisations are using thin and zero clients as a means of reducing costs and office space. The CBS Thin Client Mount attaches securely to the Flo monitor arm and the screen to create a minimalist IT solution while still providing full ergonomic articulation.

FLO IS RATED THE BEST PERFORMING MONITOR ARM BY INDEPENDENT EXPERTS...

“Excellent manoeuvrability and stability make Flo a truly ergonomic monitor arm. Ingenious design enables it to double up as an effective touch-screen support”
