

NOVUS OfficeLight deLuxe I

The ideal lighting solution for the office, monitor workstations and primarily for your eyes with an asymmetrical distribution of light. The OfficeLight deLuxe comprises a 1-part aluminium arm with plastic joint and spring balancing mechanism and can be fitted to most products, such as the BoardMaster. With an 11-watt energy-saving lamp, which delivers the same level of light as a normal 75 W filament bulb, or with an 18-watt energy-saving lamp, which delivers the same level of light as a 100-W filament bulb, the NOVUS luminaire brightly illuminates the entire workstation area.

Equipment

Infinitely adjustable. The spring balancing mechanism makes the product very easy to adjust.

Universal clamp 1: We supply these products as standard with universal clamp 1 designed for desktop thicknesses of 18 to 74 mm.

The product can be swivelled through 360° and has the mentioned reach in mm.

When used conventional.

This machine bears the GS approval of product safety.

This product meets the requirements of the EC Directive on General Product Safety.

The quality statement „German Engineering“ ensures that a product was developed according to german quality standards by our engineering experts. All Novus products carrying the German Engineering by Novus signet are manufactured in our own plants around the world by our own workforce, managed and supervised by our own headquarters in Germany.
